## Earnings per Share

The earnings per share after tax is Rs. 13.77 (2022: Rs. 10.71).

## Chairman's Review

The Chairman's Review included in the Annual Report deals inter alia with the Company's performance for the year ended 30 June 2023 and future prospects. The Directors endorse the contents of the Chairman's Review.

## Board of Directors

The Board is comprised of one Executive and four Non-Executive Directors. During the year, four Board meetings were held. The attendance of directors is as under:

| Name                    | Designation | Meetings Attended | Leave Granted |
|-------------------------|-------------|-------------------|---------------|
| Mr. Iftikhar H. Shirazi | Chairman    | 3                 | 1             |
| Mr. Aamir H. Shirazi    | Director    | 4                 | -             |
| Mr. Frahim Ali Khan     | Director    | 4                 | -             |
| Mr. Saquib H. Shirazi   | Director    | 4                 | -             |
| Mr. Ali H. Shirazi      | Director    | 4                 | -             |

**Group Executive Committee**

The Group Executive Committee is responsible for setting overall corporate objectives and strategies, identifying opportunities, monitoring group business strategies and plans, and developing group members as leaders of their respective fields.

**Group Human Resource Committee**

The Group Human Resource Committee has the responsibility to create and maintain a conducive work environment that instills trust and ensures respect, fair treatment, development opportunities, and grooming and make succession plans for all employees. The Committee also determines the remuneration package for the management staff.

**Group IT Resource Center**

The Group IT Resource Center is responsible for providing insight into the various technical aspects of information systems. The objective of the Center is to introduce leading-edge technology and IT initiative to automate information delivery and accessibility of data for the enhancement of time and cost-efficiency.

**Management Committee**

The Management Committee acts at the operational level in an advisory capacity to the CEO, providing recommendations relating to the business and other corporate affairs. The Committee has responsibility for reviewing and forwarding long-term plans, capital and expense budget development, and stewardship of business plans. The Committee is also responsible for maintaining a healthy environment within and outside the Company.

**Investment Committee**

The primary responsibility of the Committee is to assist the Board in discharging its responsibilities in overseeing Company's investment portfolio, including developing, reviewing, and recommending to the Board investment strategies and investment guidelines.

**Auditors**

The present Auditors M/s. ShineWing Hameed Chaudhri & Co., Chartered Accountants retire and, being eligible, offer themselves for reappointment.

**Code of Corporate Governance**

- The financial statements, prepared by the management of the Company, fairly present its state of affairs, the results of its operations, cash flows, and changes in equity.
- The Company has maintained proper books of account.
- Appropriate accounting policies have been consistently applied in the preparation of financial statements, and accounting estimates are based on reasonable and prudent judgment.
- International Financial Reporting Standards, as applicable in Pakistan, have been followed in the preparation of financial statements.
- The system of internal control is sound in design and has been effectively implemented and monitored. The process of monitoring internal controls will continue as an ongoing process with the objective to further strengthen the controls and bring improvements in the system.
- There is no doubt about the Company's ability to continue as a going concern.

- There has been no material departure from the best practices of corporate governance.
- A summary of key operating and financial data of the Company is annexed.
- The Company operates a contributory provident fund for its management and non-management employees and funded defined benefit gratuity schemes for its management employees. The value of investments based on their respective audited accounts as at 30 June 2023 are as follows:

|                |                    |
|----------------|--------------------|
| Provident Fund | Rs. 37.72 million  |
| Gratuity Fund  | Rs. 185.15 million |

**INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF**  
**SHIRAZI INVESTMENTS (PRIVATE) LIMITED**

**REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS**

**Opinion**

We have audited the annexed financial statements of **Shirazi Investments (Private) Limited** (the Company), which comprise the statement of financial position as at June 30, 2023, and the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity, the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the statement of financial position, the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at June 30, 2023 and of the profit and other comprehensive loss, the changes in equity and its cash flows for the year then ended.

**Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Information Other than the Financial Statements and Auditors' Report Thereon**

Management is responsible for the other information. The other information comprises of the Directors' Report (but does not include the financial statements and our auditors' report thereon).

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

**Responsibilities of Management and Board of Directors for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of directors are responsible for overseeing the Company's financial reporting process.

**Auditors' Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

### REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

Based on our audit, we further report that in our opinion:

- a) proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);
- b) the statement of financial position, the statement of profit or loss, the statement of comprehensive income, the statement of cash flows and the statement of changes in equity together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and
- c) investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and
- d) no Zakat was deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of

The engagement partner on the audit resulting in this independent auditors' report is Osman Hameed Chaudhri.

**SHIRAZI INVESTMENTS (PRIVATE) LIMITED**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED JUNE 30, 2023**

**1. THE COMPANY AND ITS OPERATIONS**

**1.1** Shirazi Investments (Private) Limited (the Company) was incorporated in Pakistan on August 27, 1962 as a private limited company. The Company is engaged in trading and investment in equity and debt securities, underwriting, real estate and warehousing. Its registered office is located at 2nd Floor, Federation House, Sharae Firdousi, Clifton, Karachi.

**1.2** Geographical location and addresses of business units are as under:

| <b>Location</b>           | <b>Address</b>                                                                    |
|---------------------------|-----------------------------------------------------------------------------------|
| Corporate office, Karachi | 2nd Floor, Federation House, Sharae Firdousi, Clifton, Karachi.                   |
| <b>Regional offices:</b>  |                                                                                   |
| Lahore office             | 64/XX, Khayaban e Iqbal Phase III, DHA, Lahore, Pakistan.                         |
| Islamabad office          | Plot No. 41, Sector F-6/G6, Ataturk Avenue, East End Plaza, Blue Area, Islamabad. |

**1.3** These financial statements are the separate financial statements of the Company, in which investments in subsidiaries and associates have been accounted for at fair value / cost less accumulated impairment losses, if any. As of reporting date, the Company has subsidiaries and associates as specified in note 9 to the financial statements.

**2 BASIS OF PREPARATION**

**2.1 Statement of compliance**

These financial statements have been prepared in accordance with accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise:

- International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017 (the Act); and
- Provision of and directives issued under the Act.

Where provision of and directives issued under the Act differ from the IFRS, the provision of and directives issued under the Act have been followed.

**2.2 Basis of measurement**

These financial statements have been prepared under the historical cost convention except for certain financial instruments, which are carried at fair values and staff retirement benefit - gratuity which is carried at present value of defined benefit obligation net of fair value of plan assets.

**2.3 Functional and presentation currency**

These financial statements are presented in Pakistan Rupees, which is the functional currency of the Company and figures are rounded off to the nearest thousand of Rupee.

**2.4 Critical accounting estimates and judgements**

The preparation of financial statements in conformity with approved accounting standards requires management to make judgements, estimates and assumptions that affect the application of policies and the reported amount of assets, liabilities, income and expenses.

The estimates and judgements are based on historical experience and various other factors that are believed to be reasonable under the circumstances and are continually evaluated. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and underlying assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised if the revision affects only that period, or in the period of the revision and future periods. Judgements made by management in application of the approved accounting standards that have significant effect on the financial statements and estimates with a significant risk of material adjustments in the next year are discussed in respective policy note. The areas involving significant estimates or judgements are:

- (i) Classification and valuation of investments [ notes 4.5 & 9 ]
- (ii) Estimated useful life of property and equipment and intangible assets [ notes 4.1, 4.2, 5 & 7 ]
- (iii) Determining the residual values and useful lives of investment properties [ notes 4.3 &
- (iv) Estimate of payables and receivables in respect of staff retirement benefit schemes [ notes 4.11, 19, 14 & 29.1 ]
- (v) Estimation of current and deferred tax [ notes 4.17, 21 & 31 ]

### **3. NEW AND AMENDED STANDARDS AND INTREPRETATIONS**

#### **3.1 Standards, amendments to approved accounting standards effective in current year**

New and amended standards and interpretations mandatory for the first time for the financial year beginning July 1, 2022:

- (a) Amendments to IAS 37 'Provisions, Contingent Liabilities and Contingent Assets' is applicable for accounting periods beginning on or after January 1, 2022. Under IAS 37, a contract is 'onerous' when the unavoidable costs of meeting the contractual obligations – i.e. the lower of the costs of fulfilling the contract and the costs of terminating it – outweigh the economic benefits. The amendments clarify that the 'costs of fulfilling a contract' comprise both the incremental costs – e.g. direct labour and materials; and an allocation of other direct costs – e.g. an allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract.
- (b) Amendment to IAS 16 'Property, plant and Equipment' is applicable on accounting periods beginning on or after January 1, 2022. The amendments prohibit a Company from deducting from the cost of property, plant and equipment amounts received from selling items produced while the Company is preparing the asset for its intended use. Instead, a Company will recognise such sales proceeds and related cost in profit or loss. The amendments apply retrospectively, but only to items of PPE made available for use on or after the beginning of the earliest period presented in the financial statements in which the Company first applies the amendments.

The other new standards, amendments to published accounting and reporting standards and interpretations that are mandatory in Pakistan for the financial year beginning on July 1, 2022 are considered not to be relevant or to have any significant effect on the Company's financial reporting and operations.

#### **3.2 Standards, amendments to approved accounting standards and interpretations that are not yet effective and have not been early adopted by the Company**

The following new standards and amendments to approved accounting standards are not effective for the financial year beginning on July 1, 2022 and have not been early adopted by the Company:

- (a) Amendments to IAS 1, 'Presentation of Financial Statements' is applicable on accounting periods beginning on or after January 1, 2023. The amendments includes requiring companies to disclose their material accounting policies rather than their significant accounting policies, clarifying that accounting policies related to immaterial transactions, other events or conditions are themselves immaterial and as such need not be disclosed and also clarifying that not all accounting policies that relate to material transactions, other events or conditions are themselves material to a company's financial statements.

- (b) Amendments to IAS 8, 'Accounting Policies, Changes in Accounting Estimates and Errors' will be applicable on accounting periods beginning on or after January 1, 2023. The International Accounting Standards Board (the Board) has issued amendments to end diversity in treatment of accounting estimates and clarified how companies should distinguish changes in accounting policies from changes in accounting estimates, with a primary focus on the definition of and clarifications on accounting estimates. Developing an accounting estimate includes both selecting a measurement technique (estimation or valuation technique) – e.g. an estimation technique used to measure a loss allowance for expected credit losses when applying IFRS 9 Financial Instruments; and – choosing the inputs to be used when applying the chosen measurement technique – e.g. the expected cash outflows for determining a provision for warranty obligations when applying IAS 37 Provisions, Contingent Liabilities and Contingent Assets. The effects of changes in such inputs or measurement techniques are changes in accounting estimates.
- (c) Amendments to IAS 12, 'Income taxes' will be applicable on accounting periods beginning on or after January 1, 2023. The amendments narrow the scope of the initial recognition exemption (IRE) so that it does not apply to transactions that give rise to equal and offsetting temporary differences. As a result, companies will need to recognise a deferred tax asset and a deferred tax liability for temporary differences arising on initial recognition of a lease and a decommissioning provision.
- (d) Amendments to IAS 1, 'Presentation of Financial Statements' is applicable on accounting periods beginning on or after January 1, 2024. Under existing IAS 1 requirements, companies classify a liability as current when they do not have an unconditional right to defer settlement of the liability for at least twelve months after the end of the reporting period. As part of this amendments, the requirement for a right to be unconditional has been removed and instead, the amendments requires that a right to defer settlement must have substance and exist at the end of the reporting period. This right may be subject to a company complying with conditions (covenants) specified in a loan arrangement. At October 31, 2022, after reconsidering certain aspects of the amendments, the IASB reconfirmed that only covenants with which a company must comply on or before the reporting date affect the classification of a liability as current or non-current. Covenants with which the company must comply after the reporting date (i.e. future covenants) do not affect a liability's classification at that date. However, when non-current liabilities are subject to future covenants, companies will now need to disclose information to help users understand the risk that those liabilities could become repayable within 12 months after the reporting date.
- (e) Amendments to IAS 16, 'Sale and leaseback transaction' is applicable on accounting periods beginning on or after January 1, 2024. Amendments impact how a seller-lessee accounts for variable lease payments that arise in a sale-and-leaseback transaction. On initial recognition, the seller-lessee includes variable lease payments when it measures a lease liability arising from a sale-and-leaseback transaction. After initial recognition, the seller-lessee applies the general requirements for subsequent accounting of the lease liability such that it recognizes no gain or loss relating to the right of use it retains. The amendments introduce a new accounting model for variable payments and will require seller-lessees to reassess and potentially restate sale-and-leaseback transactions entered.

The management anticipates that the adoption of the above standards, amendments and interpretations in future periods, will have no material impact on the financial statements other than in presentation / disclosures. There are a number of other standards, amendments and interpretations to the published standards that are not yet effective and are also not relevant to the Company and, therefore, have not been presented here.

#### **4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

##### **4.1 Property and equipment**

###### **(a) Owned assets and depreciation thereon**

The Company has adopted cost model for its property and equipment. Property and equipment except for capital work-in-progress are stated at cost less accumulated depreciation and impairment loss, if any. Cost comprises acquisition and other directly attributable cost. Items of property and equipment individually costing Rs.25,000 or less are charged to the statement of profit or loss as and when purchased.

Capital work-in-progress is stated at cost accumulated upto the reporting date less accumulated impairment loss, if any. It consists of expenditure incurred and advances made in respect of property and equipment in the course of their acquisition, erection, construction and installation. Capital work-in-progress is recognised as an operating fixed asset when it is made available for its intended use.

Subsequent costs including major renewals and improvements are included in the carrying amount of the asset or are recognised as a separate asset, as appropriate, only when it is probable that the future economic benefits associated with the asset will flow to the Company and the cost of the asset can be measured reliably. The carrying amount of the replaced part is derecognised at the time of replacement. Normal repair and maintenance and day-to-day servicing are charged to the statement of profit or loss as and when incurred.

Depreciation is charged to the statement of profit or loss using reducing balance method at the rates specified in note 5.1 to the financial statements. Depreciation on additions is charged from the month in which the asset is available for use while no depreciation is charged for the month in which the asset is disposed-of.

The depreciation methods, useful lives and residual values of items of property and equipment are reviewed periodically and altered if circumstances or expectations have changed significantly. Any change or adjustment in depreciation method, useful lives and residual values is accounted for as a change in accounting estimate under IAS 8, 'Accounting policies, changes in accounting estimates and errors' and is applied prospectively in the financial statements by adjusting the depreciation charge for the period in which the amendment or change has been made and for future periods.

Disposal of an item of property and equipment is recognised when significant risk and rewards, incidental to the ownership of that asset, have been transferred to the buyer. Gains and losses on disposals are determined by comparing the carrying amount of that asset with the sales proceeds and are recognised within 'other income / other operating expenses' in the statement of profit or loss.

#### **(b) Right-of-use assets**

The Company recognises a right-of-use asset at the commencement date of the lease (i.e. the date the underlying asset is available for use). Right-of-use assets are measured at cost less any accumulated depreciation and impairment losses and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the lease term.

#### **4.2 Intangible assets**

These are stated at cost less accumulated amortisation and impairment losses, if any and represent cost of software licenses.

Costs associated with maintaining these assets are charged to the statement of profit or loss as and when incurred, however, costs that are directly attributable to the identifiable asset and have probable economic benefits exceeding one year, are recognised as intangible asset. Direct costs include purchase cost of the asset, salaries and other service benefits of staff deployed towards development of the asset and other related overheads. Expenditure incurred in respect of design, construction and testing of an intangible asset are also added to the carrying amount of that asset.

Expenditure which enhances or extends the performance of the asset beyond its original specifications is recognised as a capital improvement and added to the original cost of the asset.

Intangible assets are amortised on reducing balance method whereby the cost of an asset is written-off over its estimated useful life at the rate specified in note 7 to the financial statements.

### 4.3 Investment properties

Properties held for long-term rental yield or for capital appreciation or both are classified as investment properties. Investment properties comprise of land, buildings and warehouses.

Investment properties are carried at cost less accumulated depreciation and accumulated impairment losses, if any.

Investment properties are depreciated on a reducing balance method whereby the cost of an asset is written-off over its estimated useful life at the rates specified in note 8 to the financial statements.

Maintenance and normal repairs are charged to statement of profit or loss as and when incurred. Major repairs and renewals are capitalised.

Gain / loss on disposal of an investment property is charged to statement of profit or loss .

### 4.4 Impairment of non-financial assets

Non-financial assets are reviewed at each reporting date to identify circumstances indicating occurrence of impairment loss or reversal of previous impairment losses, if any. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less cost to sell and value in use. Reversal of impairment loss is restricted to the original cost of the asset.

### 4.5 Financial Assets

#### 4.5.1 Classification

The Company has classified its financial assets into following categories: financial assets at amortised cost, financial assets at fair value through profit or loss and financial assets at fair value through other comprehensive income. The financial assets are classified at initial recognition based on the business model used for managing the financial assets and contractual terms of the cash flows.

#### (a) Financial assets at amortised cost

A financial asset shall be classified as financial asset at amortised cost if both of the following conditions are met:

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

#### (b) Financial assets at fair value through other comprehensive income

Debt instruments where contractual cash flows are solely payments of principal and interest and the objective of the Company is achieved by both collecting cash flows and selling the financial assets.

Equity investment that are not held for trading and the Company made an irrevocable election at initial recognition to measure it at fair value through other comprehensive income with only dividend income recognised in the statement of profit or loss.

#### (c) Financial assets at fair value through profit or loss

All equity instruments are to be classified as financial assets at fair value through profit or loss, except for those equity instruments for which the Company has elected to present value changes in other comprehensive income.

A debt instrument can be classified as a financial asset at fair value through profit or loss if doing so eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise from measuring assets or liabilities or recognising the gains or losses on them on different basis.

#### **4.5.2 Recognition and measurement**

Regular purchases and sales of financial assets are recognised on the trade-date – the date on which the Company commits to purchase or sell the asset. Investments are initially recognised at fair value plus transaction costs for all financial assets not carried at fair value through profit or loss. Financial assets carried at fair value through profit or loss are initially recognised at fair value, and transaction costs are expensed in the statement of profit or loss. Financial assets are derecognised when the rights to receive cash flows from the investments have expired or have been transferred and the Company has transferred substantially all risks and rewards of ownership.

After initial recognition, financial assets are measured at fair value or amortised cost.

Gains or losses arising from changes in fair value of the 'financial assets at fair value through profit or loss' category are presented in the statement of profit or loss within 'other income / other operating expenses' in the period in which they arise. Dividend income from financial assets at fair value through profit or loss is recognised in the statement of profit or loss as part of 'other income' when the Company's right to receive payments is established.

Gains or losses arising from changes in fair value of the 'financial assets at fair value through other comprehensive income' category are recognised in other comprehensive income with only dividend income recognised in the statement of profit or loss.

The Company assesses at the end of each reporting period whether there is objective evidence that a financial asset or a group of financial assets is impaired. If any such evidence exists for available-for-sale financial assets, the cumulative loss - measured as the difference between the acquisition cost and the current fair value, less any impairment loss on that financial asset previously recognised in profit or loss - is removed from equity and recognised in the statement of profit or loss. Impairment losses recognised in the statement of profit or loss on equity instruments are not reversed through the statement of profit or loss.

#### **4.6 Financial liabilities**

Financial liabilities are recognised at the time when the Company becomes a party to the contractual provisions of the instrument. All financial liabilities are recognised initially at fair value less directly attributable transactions costs, if any, and subsequently measured at amortised cost using effective interest method.

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expired. Where an existing financial liability is replaced by another from the same lender on substantially different terms or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of original liability and recognition of a new liability and the difference in respective carrying amounts is recognised in the statement of profit or loss.

#### **4.7 Off setting financial instruments**

Financial assets and liabilities are offset and the net amount reported in the statement of financial position when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counter party.

#### 4.8 Derivatives financial instruments

These are measured at fair value. Derivatives with positive fair values (unrealised gains) are included in other assets and derivatives with negative fair values (unrealised losses) are included in other liabilities in the statement of financial position. The resultant gains and losses are included in the profit and loss statement.

#### 4.9 Investment in subsidiaries, associates and joint venture

Investment in subsidiaries are stated at cost less impairment, if any.

Investments in associates and joint ventures are carried at fair value.

Unquoted investments, where fair value cannot be reliably measured are carried at cost.

#### 4.10 Cash and cash equivalents

Cash and cash equivalents include deposits with banks and other short term highly liquid investments with original maturities of three months or less.

#### 4.11 Retirement and other service benefit obligations

##### 4.11.1 Defined benefit plan

Defined benefit plan is a post-employment benefit plan other than the defined contribution plan. Defined benefit plan define an amount of gratuity that an employee will receive on retirement, usually dependent on one or more factors such as age and years of service. The receivable recognised in the statement of financial position is the difference between present value of the defined benefit obligation at the end of the reporting period less the fair value of the plan assets.

The Company operates an approved funded gratuity scheme in respect for all permanent employees who have completed the minimum qualifying period of service for entitlement of gratuity. The scheme defines the amounts of benefit that an employee will receive on or after retirement subject to a minimum qualifying period of service under the scheme. The amounts of retirement benefits are usually dependent on one or more factors such as age, years of service and salary. The liability recognised in respect of gratuity scheme is the present values of the defined benefit obligations under the scheme at the statement of financial position date less the fair value of respective plan assets.

The amount arising as a result of re-measurements are recognised in the statement of financial position immediately, with a charge or credit to other comprehensive income in the periods in which they occur. Past-service cost are recognised immediately in the statement of profit or loss.

Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised directly in equity in the statement of comprehensive income in the period in which they arise. All past service costs are recognised at the earlier of when the amendments or curtailment occurs and when the Company has recognised related retirement or termination benefits.

##### 4.11.2 Defined contribution plan

A defined contribution plan is a post employment benefit plan under which an entity pays fixed contribution into a separate entity and will have no legal or constructive obligation to pay further amounts. Obligation for contribution to a defined contribution plan is recognised as an employee service benefit expense in the statement of profit or loss when it is due.

The Company operates defined contribution plan for its permanent employees excluding expatriates, through either one of the following ways:

- a recognised provident fund; or
- voluntary pension schemes managed by Atlas Asset Management Limited, a related party, under the Voluntary Pension System Rules, 2005, viz, Atlas Pension Fund and Atlas Pension Islamic Fund.

All the newly appointed employees are offered voluntary pension scheme only. However, those employees who are provident fund trust members, have the option to opt for either of two above-mentioned defined contribution plans.

Equal monthly contributions at the rate of 11% of the basic salary are made to the fund / scheme both by the Company and the employees. The fund is a separate legal entity and its assets are being held separately under the control of its Trustees.

#### **4.11.3 Employee compensated absences**

Employees' entitlement to annual leaves is recognised when they accrue to the employees. A provision, based on actuarial valuations, is made for the estimated liability for annual leaves as a result of services rendered by employees up to the reporting date. Current Service cost, actuarial gains or losses and past service cost are recognised immediately in the statement of profit or loss.

#### **4.11.4 Long service award**

The company makes provision for long service award to which employees are entitled after the completion of each five year of their service, with a minimum of 15 years of service.

#### **4.12 Trade and other payables**

Liabilities for trade and other payables are carried at their amortised cost, which approximate fair value of the consideration to be paid in future for goods and services received, whether or not billed to the Company.

#### **4.13 Lease liabilities**

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

##### **Company as a lessee**

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

##### **Lease liabilities**

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the termination option is reasonably certain to be exercised. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs. In calculating the present value of lease payments at the lease commencement date, the Company uses the interest rate implicit in the lease. In case where the interest rate implicit in the lease is not readily determinable, the Company uses its incremental borrowing rate. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments or a change in the assessment of an option to purchase the underlying asset.

**Short-term leases**

The Company applies the short-term lease recognition exemption to its short-term leases of premises (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). Lease payments on short-term leases are recognised as expense on a straight-line basis over the lease term.

**Determining the lease term of contracts with renewal and termination options**

The Company determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised.

The Company has several lease contracts that include extension and termination options. The Company applies judgement in evaluating whether it is reasonably certain whether or not to exercise the option to renew or terminate the lease. That is, it considers all relevant factors that create an economic incentive for it to exercise either the renewal or termination. After the commencement date, the Company reassesses the lease term if there is a significant event or change in circumstances that is within its control that affects its ability to exercise or not to exercise the option to renew or to terminate.

**Estimating the incremental borrowing rate**

The Company cannot readily determine the interest rate implicit in the lease, therefore, it uses its incremental borrowing rate ('IBR') to measure lease liabilities. The IBR is the rate of interest that the Company would have to pay to borrow over a similar term, and with a similar security, the funds necessary to obtain an asset of a similar value to the right-of-use asset in a similar economic environment.

**4.14 Company as a lessor**

The Company shall classify each of its leases as either an operating lease or a finance lease.

**Finance lease**

A lease is classified as a finance lease if it transfers substantially all the risks and rewards incidental to ownership of an underlying asset.

**Recognition and measurement**

At the commencement date, the company shall recognise assets held under a finance lease in its statement of financial position and present them as a receivable at an amount equal to the net investment in the lease.

**Initial measurement**

The Company shall use the incremental borrowing rate to measure the net investment in the lease. In the case of a sublease, if the incremental borrowing rate cannot be readily determined, the company may use the discount rate used for the head lease (adjusted for any initial direct costs associated with the sublease) to measure the net investment in the sublease.

Initial direct costs, other than those incurred by manufacturer or dealer lessors, are included in the initial measurement of the net investment in the lease and reduce the amount of income recognised over the lease term.

**Subsequent measurement**

The Company shall recognise finance income over the lease term, based on a pattern reflecting a constant periodic rate of return on the company's net investment in the lease.

**Operating lease**

A lease is classified as an operating lease if it does not transfer substantially all the risks and rewards incidental to ownership of an underlying asset.

**Recognition and measurement**

The Company shall recognise lease payments from operating leases as income on either a straight-line basis or another systematic basis. The company shall apply another systematic basis if that basis is more representative of the pattern in which benefit from the use of the underlying asset is diminished.

The Company shall recognise costs, including depreciation, incurred in earning the lease income as an expense.

The Company shall add initial direct costs incurred in obtaining an operating lease to the carrying amount of the underlying asset and recognise those costs as an expense over the lease term on the same basis as the lease income.

The depreciation policy for depreciable underlying assets subject to operating leases shall be consistent with the company's normal depreciation policy for similar assets. The Company shall calculate depreciation in accordance with IAS 16 and IAS 38.

**4.15 Borrowings**

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Borrowings are classified as current liabilities unless the group has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period.

**4.16 Government grants**

Government grants are recognized where there is a reasonable assurance that the grant will be received and the Company will comply with all conditions of the grant. Government grants relating to costs are deferred and recognized in the statement of profit or loss over the period necessary to match them with the costs that they are intended to compensate.

**4.17 Taxation**

The tax expense for the year comprises current and deferred tax. Tax is recognised in the statement of profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

**Current**

The current tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the reporting date. The charge for current tax also includes adjustments, where considered necessary, to provision for tax made in the previous years arising from assessments framed during the year for such years.

**Deferred**

Deferred tax is recognised using the balance sheet method in respect of temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements.

Deferred tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the reporting date and are expected to apply when the related deferred tax asset is realised or the deferred tax liability is settled.

Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised only to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilised.

**4.18 Revenue recognition**

Capital gains or losses on sale of investments are recognised in the period in which they are sold.

Dividend income from investments is recognised when the Company's rights to receive dividend have been established.

Interest / return on loans, advances and bank balances are recognised on accrual basis.

Rental and service income is recognised on accrual basis.

Gains or losses on sale of investment properties and fixed assets are recognised in the period in which they are disposed off.

**4.19 Foreign currency transactions**

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of transactions. The closing balance of non-monetary items is included at the exchange rate prevailing on the date of transaction and monetary items are translated using the exchange rate prevailing on the reporting date. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the statement of profit or loss.

**4.20 Dividend and appropriation to reserves**

Dividend and appropriation to reserves are recognised in the financial statements in the period in which these are approved by the shareholders.

**4.21 Earnings per share**

The Company presents basic and diluted earnings per share for its shareholders. Basic earnings per share is calculated by dividing the profit attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the year.

**9.3.1** Madian Hydro Power limited (MHPL) is a joint venture of the Company and Cherat Cement Company Limited. The project is formed to build, operate and maintain hydro power generation plant at Madian over River Swat for the generation and supply of electric power. Due to the law and order situation in Swat and adjoining areas, the project was not undertaken.

In the prior year, MHPL entered into an agreement with Pakhtunkhwa Energy Development Organization (PEDO) for the sale of the feasibility study for total consideration of Rs.160 million and had also received the sale consideration net of tax. Accordingly, the reversal of impairment loss net of tax was booked in last year's financial statements.

During the current year, the members of Madian Hydro Power Limited approved the winding up of the company through the Members' Voluntarily Winding up scheme, and a liquidator was appointed. Consequently, the Company have received Rs. 82.8 million against its shares from the final liquidation proceeds resulting in a gain on disposal of investment of Rs. 10.8 million.

- 12.1** This represents convertible cash advance against subscription of shares amounting to Rs. 176.63 million paid to MedznMore (Private) Limited. In June 2023, the company faced liquidity issues, which led to the closure of its operations across the country. As a result, the entire cash advance amount has been fully written off and accounted for as a loss.
- 12.2** Represents the balance of the sale consideration in respect of sale of shares of Atlas Bank Limited (merged with Summit Bank Limited) which has been fully provided in the prior year.
- 12.3** This represents amount due from Atlas Power Limited (APL), a subsidiary company, on account of the reimbursement of withholding tax deducted on dividend income pertaining to APL. As per the decision of National Electric Power Regulatory Authority (NEPRA) dated May 19, 2010, the actual withholding tax on dividend paid by APL will be reimbursed by the power purchaser to APL for onward transfer to the Company.
- 12.4** Receivables from related parties are neither past due nor impaired, aged 0-180 days.

| Balance at end of the year                        | <u>185,148</u>                     | <u>174,097</u> |
| <b>14.6 Actual return on plan assets</b>          | <u>15,098</u>                      | <u>5,603</u>   |

**14.7 Plan assets comprise the following:**

|        | 2023           |        | 2022           |        |
|--------|----------------|--------|----------------|--------|
|        | Rs. in '000'   | %      | Rs. in '000'   | %      |
| Debt   | 28,199         | 15.23% | 48,758         | 28.01% |
| Others | 156,949        | 84.77% | 125,339        | 71.99% |
|        | <u>185,148</u> |        | <u>174,097</u> |        |

**14.8** The expected return on plan assets was determined by considering the expected returns available on the assets underlying the current investment policy.

**14.9** The principal assumptions used in the actuarial valuations carried out as of June 30, 2023 using the 'Projected Unit Credit' method are as follows:

|                                     | Gratuity Fund       |                     |
|-------------------------------------|---------------------|---------------------|
|                                     | 2023                | 2022                |
| Discount rate                       | 16.25%              | 13.25%              |
| Rate of salary increase (per annum) | 15.00%              | 12.00%              |
| Long term salary increase rate      | 15.25%              | 12.25%              |
| Mortality rates                     | SLIC<br>(2001-05)-1 | SLIC<br>(2001-05)-1 |
| Rate of employee turnover           | Light               | Light               |

The sensitivity of the defined benefit obligation to changes in principal assumption is:

|               | <b>Impact on defined benefit obligation</b> |                                |                                |
|---------------|---------------------------------------------|--------------------------------|--------------------------------|
|               | <b>Change in assumptions</b>                | <b>Increase in assumptions</b> | <b>Decrease in assumptions</b> |
| Discount rate | 1.00%                                       | <u>137,944,188</u>             | <u>154,824,420</u>             |
| Future salary | 1.00%                                       | <u>154,157,071</u>             | <u>138,415,474</u>             |

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constants. In practice, this is unlikely to occur, and change in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of defined benefit obligation calculated with the projected unit credit method at the end of reporting period) has been applied as when calculating the defined benefit liability recognised within the statement of financial position.

The method and types of assumptions used in preparing the sensitivity analysis did not change compared to the previous period.

14.10 Expected charge to gratuity plan for the year ending June 30, 2024 are Rs.1,188 thousand.

14.11 The weighted average duration of defined benefit obligation for plan is 5.76 years. The expected maturity analysis of undiscounted retirement benefits is as follows:

|                         | <b>Less than a year</b>           | <b>Between 1-2 years</b> | <b>Between 2-5 years</b> | <b>Between 5-20 years</b> | <b>Total</b>          |
|-------------------------|-----------------------------------|--------------------------|--------------------------|---------------------------|-----------------------|
|                         | <b>----- Rupees in '000 -----</b> |                          |                          |                           |                       |
| <b>At June 30, 2023</b> | <u><b>2,442</b></u>               | <u><b>65,485</b></u>     | <u><b>54,592</b></u>     | <u><b>780,103</b></u>     | <u><b>902,622</b></u> |

- 17.1 On May 13, 2016 the Board of Directors of the Company had passed a resolution authorizing the Company to explore the viability of the potential merger between the Shirazi Capital (Private) Limited (SCPL) and Shirazi (Private) Limited (SPL) with and into the Company. The Company had engaged the services of a consultant and decided on a swap ratio in exchange of shares for SCPL and SPL and a scheme of amalgamation (the scheme) was filed in High Court of Sindh after approval from the Board of Directors and shareholders of the Company, SCPL and SPL on June 11, 2016.

In 2017, the High Court of Sindh through its order dated November 23, 2016 has sanctioned the scheme. Pursuant to this sanction, the entire business of SCPL and SPL including their assets, liabilities, and the rights and obligations have been amalgamated into and vest in the Company with effect from the effective date as mentioned in the scheme i.e., July 01, 2016 which the Company has considered effective date of merger. In consideration, 91,819,873 fully paid ordinary shares of Rs.10 each have been issued to the registered shareholders of SCPL whereas 9,572,566 fully paid ordinary shares of Rs.10 each have been issued to the registered shareholders of SPL.

This amalgamation was accounted for in the books using predecessor's accounting method as it was a business combination of entities under common control and therefore scoped out of IFRS-3 'Business Combinations'. The net assets of SCPL and SPL have been incorporated at their net carrying amount in the books as on June 30, 2016 and the difference in value of the net assets and shares as issued above has been carried in the equity under the head "Amalgamation reserve". Furthermore, the acquired entity's results and statement of financial position are incorporated prospectively from the date on which the business combination occurred. Consequently, these financial statements do not reflect the results of the acquired entity for the period before the transaction occurred and the corresponding amounts for the previous year presented are also not restated.

| 18. LONG TERM DEPOSITS           | Note | 2023                      | 2022  |

**31.1** The relationship between income tax expense and accounting loss has not been presented in the financial statements as the provision for taxation has mainly been made on the basis of Final Tax Regime (FTR).

**31.2** For the tax year 2022, the Additional Commissioner Inland Revenue passed an order u/s122(5A) of the Income Tax Ordinance, 2001 and made certain disallowance. The Company filed an appeal with Commissioner Inland Revenue (Appeals), Karachi CIR(A). CIR(A) decided the all other matters in favour of the Company except the disallowance of discount written off during the year and levy of super tax under section 4C. The Company have filed further appeal before the ATIR in respect of the issues confirmed by CIR(A), which is pending adjudication.

**31.3** For the tax year 2021, the Additional Commissioner Inland Revenue issued a notice u/s 122(5A) of the Income Tax Ordinance, 2001 and passed an order and made certain additions. The Company has filed an appeal with Commissioner Inland Revenue (Appeals), Karachi which was decided in favour of the Company.

**31.4** The Company has opted for group taxation under section 59AA of the Income Tax Ordinance, 2001 whereby the Company and its subsidiaries - Shirazi Trading Company (Private) Limited, Atlas Autos (Private) Limited, Atlas Engineering (Private) Limited, Atlas Asset Management Limited and Atlas Metals (Private) Limited shall be taxed as one fiscal unit. The provision for taxation is made on the same basis in the financial statements. For the tax years 2016 to 2018, amendments to assessments were made under section 122 of the Ordinance in respect of the group returns filed by the Company, wherein various disallowances were made by the assessing officers. These cases are pending at various levels in the tax department. No provisions have been made in the financial statements of the Company as these matters pertain to other group companies. In case of any financial obligation discharged by the Company under these matters, the amount shall be recovered from the relevant group company.

- 31.5 For the tax year 2010, the Company filed its returns of income claiming exemption on dividend income from wholly-owned subsidiary under clause (103A) of Part I of the First Schedule to the Ordinance amounting to Rs.475 million and tax amount involved of Rs.47.50 million.

The Company filed an appeal before the Commissioner Inland Revenue (Appeals) [CIR(A)] pursuant to which the CIR(A) allowed the above claim of exemption on inter-corporate dividend. The tax department filed further appeal before the Appellate Tribunal Inland Revenue (ATIR) against the order of the CIR(A) pursuant to which the ATIR decided the matter against the company. Against the order of the ATIR, the company has filed a reference application before the High Court of Sindh, which is pending adjudication. The management of the Company is confident that the matter will be decided in favour of the Company.

**36. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES**

**36.1** The Company's objective in managing risk is the creation and protection of shareholders' value. The Board of Directors of the Company supervises the overall risk management approach within the Company. The Company is exposed to market risk, credit risk and liquidity risk arising from the financial instruments it holds.

**36.2 Market risk**

Market risk is the risk that the fair value or future cash flows of financial instruments will fluctuate due to changes in market variables such as interest rates, foreign exchange rates and equity prices.

**(i) Interest rate risk**

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's short term investments, bank deposits in saving accounts and short term borrowings from banks. At the statement of financial position date, the interest rate profile of the Company's interest-bearing financial instruments is as follows:

|                                 | Interest / markup bearing      |                 |                      |             |
|---------------------------------|--------------------------------|-----------------|----------------------|-------------|
|                                 | Effective Yield / mark-up rate | Upto six months | More than six months | Total       |
| June 30, 2023                   | %                              | Rupees in '000  |                      |             |
| <b>Financial assets:</b>        |                                |                 |                      |             |
| Bank balances                   | 12.25% to 19.5%                | 11,724          | -                    | 11,724      |
| Net investment in finance lease | 11.31%                         | 4,766           | 35,329               | 40,095      |
| <b>Financial liabilities:</b>   |                                |                 |                      |             |
| Short term borrowings           | 14.42% to 22.83%               | -               | -                    | -           |
| Lease liabilities               | 11.31%                         | (43,385)        | (130,975)            | (174,360)   |
|                                 |                                |                 |                      |             |
|                                 | Interest / markup bearing      |                 |                      |             |
|                                 | Effective Yield / mark-up rate | Upto six months | More than six months | Total       |
| June 30, 2022                   | %                              | Rupees in '000  |                      |             |
| <b>Financial assets:</b>        |                                |                 |                      |             |
| Bank balances                   | 12.25% to 13.50%               | 914             | -                    | 914         |
| Net investment in finance lease | 11.31%                         | 3,747           | 43,337               | 47,084      |
| <b>Financial liabilities:</b>   |                                |                 |                      |             |
| Short term borrowings           | 14.44% to 14.81%               | (1,868,260)     | -                    | (1,868,260) |
| Lease liabilities               | 11.31%                         | (28,228)        | (204,465)            | (232,693)   |
| Long term financing             | 8.87%                          | (12,704)        | (13,054)             | (25,758)    |

The following table demonstrates the sensitivity of Company's income for the year to a reasonably possible change in interest rates, with all other variables held constant.

|                       | Effect on profit |          |
|-----------------------|------------------|----------|
|                       | 2023             | 2022     |
|                       | Rupees in '000   |          |
| Change in basis point |                  |          |
| +100                  | (1,226)          | (20,787) |
| -100                  | 1,226            | 20,787   |

**(ii) Foreign exchange risk**

Foreign currency risk is the risk of exposures to movement in foreign exchange rates. Company's risk is limited to the extent of investment in foreign companies and dividend income from such companies. As of the statement of financial position date, the Company is not exposed to such risk.

**(iii) Equity price risk**

Equity price risk is the risk of volatility in share prices resulting from their dependence on market sentiments, speculative activities, supply and demand for shares and liquidity in the market. The value of investments may fluctuate due to change in business cycles affecting the business of the investee company, change in business circumstances of the investee company, its business sector, industry and / or the economy in general. The Company estimates that a 5% increase in the overall equity prices in the market with all other factors remaining constant would increase the Company's equity by Rs. 555.79 million (2022: Rs.735.66 million) and a 5% decrease would result in a decrease in the Company's equity by the same amount. However, in practice, the actual results may differ from the sensitivity analysis.

**36.3 Liquidity risk**

Liquidity risk is defined as the risk that the Company will encounter difficulty in meeting obligations associated with financial liabilities. Liquidity risk arises because of the possibility that the Company could be required to pay its liabilities earlier than expected.

The table below summarises the maturity profile of the Company's financial liabilities. The analysis into relevant maturity groupings is based on the remaining period at the end of the reporting period to the contractual maturity date.

|                          | Within 1 month             | Within 1 to 3 | Within 3 to 12 months | Within 1 to 5 years | Total            |

The maximum exposure to credit risk before any credit enhancement as at June 30, 2023 is the carrying amount of the financial assets. None of these assets are impaired nor past due.

The analysis below summarizes the credit quality of the Company's investment in mutual funds as at June 30, 2023 and June 30, 2022:

| Investments by rating category | 2023          | 2022       |
|--------------------------------|---------------|------------|
|                                | ----- % ----- |            |
| A, A-, A+                      | 100           | 100        |
| Unrated                        | -             | -          |
|                                | <b>100</b>    | <b>100</b> |

**36.5 Fair value of financial instruments**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the statement of financial position date. The estimated fair value of all other financial assets and liabilities is considered not significantly different from book value.

**Level 1:** Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities.

**Level 2:** Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

**Level 3:** Fair value measurements using inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

|                                                             | Level 1           |                   | Level 2  |          | Level 3  |          | Total             |                   |
|-------------------------------------------------------------|-------------------|-------------------|----------|----------|----------|----------|-------------------|-------------------|
|                                                             | 2023              | 2022              | 2023     | 2022     | 2023     | 2022     | 2023              | 2022              |
|                                                             | Rupees in 000     |                   |          |          |          |          |                   |                   |
| Investment in related parties at fair value through OCI     |                   |                   |          |          |          |          |                   |                   |

| - Listed shares                                             | 3,982,531         | 8,396,689         | -        | -        | -        | -        | 3,982,531         | 8,396,689         |
| Investment in other listed shares at fair value through OCI | 7,133,298         | 6,316,579         | -        | -        | -        | -        | 7,133,298         | 6,316,579         |
|                                                             | <b>16,005,098</b> | <b>19,630,317</b> | <b>-</b> | <b>-</b> | <b>-</b> | <b>-</b> | <b>16,005,098</b> | <b>19,630,317</b> |

During the year ended June 30, 2023, there were no transfers between level 1 and level 2 fair value measurements, and no transfers into and out of level 3 fair value measurements.

**Valuation techniques used in determination of fair values within level 1**

Fair values of investments in units of mutual funds are determined based on redemption prices disclosed at the Mutual Funds Association of Pakistan (MUFAP) as at the close of the business days.

**36.6 Capital management**

The Company's objectives when managing capital are to safeguard the Company's ability to continue as a going concern in order to provide returns for shareholders and benefit for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital. The Company is not subject to any externally imposed capital requirements.

The Company manages its capital structure and makes adjustment to it in the light of changes in economic conditions. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders or issue new shares.

The Company monitors capital using the gearing ratio, which is debt divided by total equity plus debt. There are no short term borrowings (2022: Rs.1,868.26 million), resulting into Nil (2022: 4.02%) gearing ratio.

**37. NUMBER OF EMPLOYEES**

The total and average number of employees during the year end as at June 30, 2023 and 2022 respectively are as follows:

|                                             | 2023 | 2022 |
|---------------------------------------------|------|------|
| Average number of employees during the year | 90   | 95   |
| Number of employees as at June 30,          | 90   | 87   |

**38. EMPLOYEES' PROVIDENT FUND (the Fund)**

|                                | Unaudited                  |        |
|--------------------------------|----------------------------|--------|
|                                | 2023                       | 2022   |
|                                | ----- Rupees in '000 ----- |        |
| Size of the Fund               | 38,452                     | 64,914 |
| Investments made               | 37,718                     | 63,106 |
| Fair value of investments      | 37,718                     | 63,106 |
|                                | ----- In % -----           |        |
| Percentage of investments made | 98.09%                     | 97.21% |

**38.1 Break-up of investments of the Fund**

Break-up of investments in terms of amount and percentage of the size of the Fund are as follows:

|                                            | 2023                       |                                     | 2022        |                                     |
|--------------------------------------------|----------------------------|-------------------------------------|-------------|-------------------------------------|
